FINANCIAL OVERVIEW

Sources – The following chart lists AZSTA revenue receipts for the month of April 2017; which represents transaction activity primarily from February 2017.

AZSTA Revenue Sources - APRIL 2017 (\$M)

The Authority's total revenues for the month were better than the FY2017 budget forecast for the month by a total of \$254,801/ 5.05%.

NOTE: This positive variance vs. budget for the month is driven by both the Tourism revenues and some of the components within the Facility revenues:

Total Tourism Revenues (TRCA) for the month were better than the budget forecast for the month by \$220,409 / 5.79%.

Total Facilities Revenues (FRCA) for the month were better than the budget forecast by \$34,392 / 2.55%.

The both the Hotel Bed Tax and the Rental Car Surcharge Tax receipts drive the 'good news' for the month within the TRCA revenues. The individual FRCA revenue line item that drives the "good news" vs. the budget for the month is the Food and Beverage Commissions earned @ \$31,807 / 116.31%. The ROJO Guarantee revenues have not been reported for the month; which contributed (\$ 62,500) vs. budget for the month.

The individual revenue components and their performance vs. budget for the month were as follows:

The Tourism Revenues (TRCA) (hotel bed tax and car rental surcharge) posted **\$3,914,009** in total; which is **\$ 220,409 / 5.79% better than the budget forecast for the month.**

Hotel Bed Tax reported **\$2,339,750**; which was \$ 96,282 / 4.29% better than budget for the month.

Car Rental Surcharge Tax posted revenue receipts of **\$1,574,259**; which was \$124,127 / 8.59% better than the FY2017 budget forecast for the month.

The Facility Revenues (FRCA) includes:

The **NFL income tax.** This monthly revenue is determined by the Arizona Department of Revenue prior to the start of each fiscal year. This FRCA revenue receipt for FY2017 will be **\$563,530** per month. It is anticipated that each month in FY2017, the NFL Income Tax will be @ budget.

AZ Cardinals Rent is pre-determined via the agreement with the Authority. This month, the receipts received were for the month of December 2016 and equaled the contracted amount for FY2017 @ \$25,396. It is anticipated that each month in FY2017, the Cardinals Rent will be @ budget.

The **Facility Use Fees (FUF)** receipts for the month were **\$ 0**; which is (\$ 24,800) / (100.00)% less than the forecasted FY2017 budget for the month. Timing issues are the norm for this revenue component vs. the forecast budget: i.e. relating to when the FUF revenues are collected, the accounts get settled with the event promoter; and the Authority receives the FUF \$. The FUF revenues are reported when paid to the Authority; as disclosed in the SMG financial package review for any given month. It is anticipated that the total FUF for FY2017 will be better than budget at year-end.

Sales Tax Rebate / Recapture (STR) revenues receipts for the month were **\$ 697,404** = (\$ 281,375) / (28.75)% less than the FY2017 budget forecast for the month. As described above, this revenue source is subject to timing issues related to when the Authority actually receives STR distributions from the City of Glendale and/or from the State of Arizona-Department of Revenue. These timing delays are driven by the date of the event, when vendors file their tax returns / remit their applicable sales taxes to these two taxing authorities; and then, when these taxing authorities are able to process the tax returns and revenue receipts, and, finally, when these two taxing authorities send the Sales Tax Rebate/ Recapture to AZSTA. It is anticipated that the total STR for FY2017 will be better than budget at year-end.

The **Concessions (food & beverage) Commissions** receipts for the month were **\$ 59,195** = \$ 31,807 / 116.13% better than the budget for the month. This FRCA revenue source has a similar timing issue related to when the F&B commission revenues are collected, calculated, and reported on the month-end commission workbook by ROJO Hospitality vs. when the F&B commission check gets released by Rojo Hospitality to AZSTA. The receipts this month were from a check received by AZSTA for the January 2017 food and beverage sales transactions.

The **Fiesta Bowl Facilities Use Fee (FUF) / Ticket Use Fee (TUF)** receipts for the month were **\$0** for the month. Note: the Fiesta Bowl FUF & TUF revenue sources are scheduled for 1 month per year = for the remainder of the months, there is nothing to report.

The **Telecom License Fees** revenues represent a license fee paid by a carrier for the lease of a telecommunications tower located on the stadium property. The receipts for the month = **\$ 2,496** vs. the monthly budget forecast @ \$2,050 = \$38 /1.85% more than the budget forecast for the month.

The **Ancillary Revenues** were **\$ 14,662** = (\$ 13,838) / (48.55)% less than budget for the month. These receipts are driven by 5 revenue components associated with 'stadium' events (i.e. non-Cardinal games / events).

The **Net Building Revenues** were **\$ 23,329**; which contributed \$ 385,060 of the "good news" variance for the month ; as driven by rental revenues, building expenses billed, and forecast building expenses related to events (mainly vs. the assumptions made in the FY2017 budget development; back in May of 2016).

Year-to-Date: all good news

Tourism Revenues (TRCA) are **\$ 23,908,566** = \$ 898,670 / 3.91% better than the YTD budget forecast through the first 10 months of FY2017.

Facility Revenues (FRCA) are **\$19,752,691** = \$6,282,383 / 46.64% better than the YTD budget forecast through the first 10 months of FY2017.
